ABSTRACTS OF DECISIONS

**ABSTRACT OF REASONS FOR A DECISION OF A DELEGATE OF THE REGISTRAR OF
TRADE MARKS**

Trade Mark Reg : 423063 : ALTO (Logo)
Section 92 Applicant : Alto Group Pty Limited
Opponent : Suzuki Kabushiki Kaisha
Decision : 1. Section 92 proceedings – person aggrieved, whether the filing of applications to register is sufficient to establish locus, applicant not prima facie in same business as opponent – possible use by opponent of trade marks on vehicle spare parts, whether use of trade mark ALTO SUZUKI establishes use of the trade mark ALTO – applicant not a person aggrieved, opponent had used trade mark during the relevant period – opposition established.
2. Costs awarded against applicant.
Decision Issued : 14 September 2007

Trade Mark Application : 1032950 : NEO-FEN DOLOR
Applicant : Biovital Pty. Ltd.
Opponent : The Boots Company PLC
Decision : S 52 opposition: s 44 and 60 NEO-FEN DOLOR not deceptively similar to NUROFEN. Registration to proceed, costs awarded against opponent
Decision Issued : 18 September 2007

Designs : 303618
Applicant : Apple Computer Inc
Decision : Objection in examination of lack of distinctiveness. Declaration from a user was not representative of the 'standard of the informed user'. Delegate formed the view based on his own knowledge – including the observations of behaviour of work colleagues, other acquaintances and consumers in general – that when assessed against the standard of the informed user the visual features said to form the design were (effectively) invisible. Design revoked.
Decision Issued : 20 Sep 2007

software for developing applications intended for use with radio communication apparatus and all devices equipped with means of radio communication, and especially electronic modules; software for transmitting data or communication between machines, or between machines, sensors, measuring instruments and data servers, software for transmitting data or communication in the motor vehicle sector,
or laptop computers and personal data assistants (PDAs); software for programming radio communication apparatus, especially electronic modules, and devices fitted with radio communication means; vending machines; coin-operated apparatus; software for communicating with operator networks; computer operating system software;
computer operating programs, computer system extensions, tools and utility programs in the field of application software for connecting personal computers; firmware; computer hardware, namely network equipment (routers, servers, switches, hubs, firewalls), connection ports for computer peripheral devices (firewire, USB, SCSI), wireless connections and software for developing, servicing,
maintaining and using local area computer networks (LANs) and wide area computer networks (WANs); computer hardware and software for receiving, displaying and exploiting the transmission/diffusion of hub, router, video, audio and digital data signals; servers; switches; firmware, namely computer operating system software; fixed role servers; networked computer hardware; semi-conductor devices;

computer hardware and software for creating, facilitating and managing remote access to and communication with local area networks (LANs), virtual private networks (VPNs), wide area networks (WANs) and global computer networks; routers, switches, hubs (hubs) and operating software for servers, software for use in providing access to a global information computer network to multiple users for searching for, retrieving, transferring,
manipulating and disseminating a large range of data; software tools for facilitating third-party software applications; computer hardware and software for wireless network communications; electronic and electro-mechanical apparatus, goods and instruments used with computers; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity, electric signal transmitters and receivers,
electric and electronic monitoring apparatus, measuring apparatus, remote information logging apparatus especially from electric counters; electric batteries; fixed and mobile radio communication equipment; data processing apparatus; computers especially computer servers, personal digital assistants (PDAs), database server centres; data processing apparatus;
electronic signal emitters and receivers, electronic modules used to exchange data or sound, still or animated images, messages, especially in mobile telephony devices, in a motor vehicle, or in a vending machine; apparatus and equipment for transmitting, recording, reproducing, modifying, disseminating, receiving data, sounds, still or animated images, messages; magnetic recording media; magnetic data media, CD-ROMs;
recording discs, optical discs; optical data media, optical readers; audio and video graphics for real time information and for transferring, transmitting, receiving, processing and digitizing images; apparatus and instruments for data recording, processing, reception, reproduction, transfer, modification, compression, decompression, radio broadcasting, merging or improvement; data compression and decompression algorithms;
test and calibration apparatus; data recorded in electronic, optical or magnetic form; telephone and radiotelephone installations, apparatus, transmitters and receivers, especially mobile, portable or static; answering machines, modems; computer hardware and software to transmitting and receiving faxes; radio paging receivers; telephone exchanges; radiotelephony or radio paging terminals;
satellites and antennae, for circulation, transmission and reception of data, sounds, still or animated images, messages; audio-video terminals, multimedia terminals, telecommunications instruments and apparatus, telecommunication terminals; local networks of computers; data processing equipment, computer hardware, mobile computer devices;

remote-control apparatus and devices for transferring, recording, reading and reproducing computer sound, images and/or data; electronic apparatus and devices for remote connection to a computer and/or telecommunications network; computers, micro-computers; computer peripheral devices, local networks of computers; integrated circuits, integrated circuit chips, fire extinguishers, interfaces, computer keyboards, computer mice, workstations;

microprocessors, semiconductors, central processing units using semiconductors, central processing unit chips using semiconductors, electronic memory units, printed circuits, electric batteries, memory cards, memory card readers, printed circuit cards, electronic circuit cards, computer memory devices; semiconductor memory (devices); video circuit cards; audio circuit cards; audio-video circuit cards; video graphics accelerators;

multimedia accelerators; video processors; manuals sold as a unit and downloadable from a global network of computers, accessories, parts and test apparatus for all the aforementioned goods; instructional apparatus and instruments, apparatus and instruments for use in conferences, for document exchange and formatting, cameras; apparatus for taking shots; earphones; video apparatus, video circuit cards; products for video systems;

instructional material concerning computers and data, all recorded magnetically, optically or electronically; downloadable electronic publications

Cl. 38 Communication services, communication services provided via computer terminals; communications via computer terminals; services for multimedia communication and for digital communications, namely distribution, electronic transmission and interactive and non-interactive reception of voice, data, images, paged messages, faxes and information, transmission and reception of audio data on an Internet network;

telecommunications by global computer networks, services of telecommunication, radio communication, radio paging, telephony, radiotelephony, broadcasting, transmission and distribution of sounds, still and animated images, data, messages via a global telecommunications network (such as the Internet) or a private access network (such as an intranet); facsimile transmission; teleinformatics;

providing of information relating to telecommunications, radio communication, radio paging, telephony, wireless telephony, mobile radiotelephony services, radio broadcasting, distribution and transmission of sounds or images, of still or animated images, of data and of messages; providing access to global communication networks (such as the Internet) or a private access network (such as an intranet); rental of communication terminals, modems;

consulting services regarding computers, software, telecommunication, radio communication, radio paging, telephony, wireless telephony, radio broadcasting, distribution and transmission of sounds or images, of still or animated images, of data and of messages; services providing access to an Internet site for the purpose of downloading software, sounds, still or animated images, of data, messages;

rental of access time to databases and to computer database server centres; services for downloading software, computer games software, sounds, still or animated images, of data, messages via the Internet; teleconferencing services, videoconference services; services providing discussion groups and instantaneous messaging on the Internet;
