Cl. 1 Chemical products for industrial purposes, particularly chemical products for building purposes; concrete parting compounds; adhesives for industrial purposes; bentonite for building purposes and landscaping

Cl. 6 Reinforcing bar and reinforcing fabric for concrete; laminated structural steel mats and forming elements manufactured from them for building purposes; reinforcement crossings; prefabricated construction kits of reinforcing steel for angular wall crossings; prefabricated reinforcements for concrete construction including reinforcements for corners of concrete walls and ceilings; wall crossing rails; screw crossings;

forms and shuttering material for concrete construction; shuttering tubes for concrete construction; concrete lining elements of metal; bearing and separating elements for reinforcing steels or reinforcing steel elements; shearing force mandrels and sleeves, anchoring elements, dowels, linings and elements for producing linings; cantilever plate connection elements, staircase crossing elements, expansion joint elements;

reinforcing cages, reinforcing netting, reinforcing mats and reinforcing elements, tie bars, compressional bars and other tension or pressure elements of metal for connecting two concrete elements; punching reinforcements; termination pieces for tubes of metal; the foregoing not including small items of metal hardware and all being goods in Class 6

Cl. 7 Injection presses (machines for industrial purposes) and injection pumps (machines) for injection hoses and for aeration and de-aeration hoses for concrete construction

Cl. 17 Sealing materials, sealing compounds, sealing mats and webs, sealing elements if included in this class and sealing strips, particularly those swelling under the influence of moisture and/or water; all products for building purposes; sealing materials on a mineral base, materials for heat and/or sound insulation of walls, ceilings and floors of buildings; injection hoses and aeration and de-aeration hoses for concrete construction;

high pressure hoses for injection presses and injection pumps; adapter and compensating rings for connection of tubes (not of metal); pipe couplings (not of metal); termination pieces for tubes (not of metal); socket ends for tubes (not of metal); sealing and insulation material for the building industry; sound damping or heat insulating structural elements

Cl. 19 Composite materials for use in the building industry other than concrete; wall lining elements; gravel; forms and shuttering tubes of plastic and/or cardboard; shuttering material; building articles of fibre cement including tubes and spacers; mouldings of fibre cement, lining elements and building materials of plastic, mortars; lost forms;
reinforcing cages, reinforcing netting, reinforcing mats and other prefabricated reinforcing elements (not of metal); all the foregoing being goods in Class 19

Cl. 9 Acoustic apparatus for recording sound; acoustic apparatus for reproducing sound; acoustic instruments; amplification apparatus; amplification instruments; amplifiers being audio apparatus; amplifying apparatus; analogue to digital audio converters; analogue to digital converters; analogue to digital data converters; antennas for receiving audio signals; antennas for the reception of electromagnetic waves;

antennas for the transmission of electromagnetic waves; antennas for wireless communication apparatus; apparatus for broadcasting audio signals; apparatus for long-distance microphonic monitoring; apparatus for processing audio signals; apparatus for recording audio signals; apparatus for recording sound; apparatus for sound reproduction; apparatus for sound transmission; apparatus for the amplification of sound or images;

apparatus for the recording of sound; apparatus for the reproduction of sound; apparatus for the transmission of sound; apparatus for transmitting audio signals; audio apparatus; audio cable; audio cable connectors; audio conference apparatus; audio conference instruments; audio electronic apparatus; microphonic pick-ups; mobile radio broadcasting units; mobile radio receiving apparatus; mobile radio transmitting apparatus;

multichannel sound processors; music reproducing apparatus (other than musical instruments); music reproducing instruments (other than musical instruments); personal transceivers; personal voice amplifying instruments; pick-ups for sound amplification; plastic housings adapted for electrical apparatus; plug adaptors for headphones; plugs for electric connection leads; plugs, sockets and other contacts (electric connections);

point-to-point line of sight radio apparatus; point-to-point line of sight radio instruments; point-to-point radio communications apparatus; point-to-point receivers; point-to-point transmitters; portable radio communications receivers; portable receivers; portable transmitters; power amplifiers for use in sound reproduction; public address amplifying apparatus; public address apparatus; public address installations; public address instruments;

radio antennae; radio apparatus; radio broadcast receiving sets; radio broadcasting sets; radio receivers; headphones for microphones; hearing aids, other than for the deaf; high fidelity apparatus; high fidelity audio apparatus; high fidelity instruments; housings for electrical apparatus; housings for electrical instruments; in-house communication apparatus; instruments for the recording of sound; instruments for the transmission of sound;

instruments for use in reception of electronic signals; microchips for electronic apparatus; microelectronic components; microphone buttons; microphone mixers; microphone plugs; microphones; transmitting apparatus; transmitting apparatus for radio; ultrasonic microphones; two-way wireless communication systems; voice facsimile communication apparatus; voice transmission apparatus; walkie-talkies; waveform recording apparatus; wireless apparatus;

wireless communication apparatus; wireless high frequency transmission instruments; wireless instruments; wireless receiving apparatus; wireless transmission apparatus; wireless transmitters; audio electronic instruments; audio equipment; audio instruments; audio processing apparatus; audio recording apparatus; audio recording instruments; audio signal level controlling apparatus; audio signal processing apparatus; audio transmitter units;

capacitors; capsule microphones; condensers (capacitors); control apparatus for audio signals; converters for analogue signals; converters for digital signals; crossover networks for audio apparatus; diaphragms (acoustics); digital amplifiers; digital apparatus; digital audio signal processors; digital data transmission apparatus; digital signal processing apparatus; digital sound processors; digital to analogue converters; displacement pickups;

electric leads for microphones; electrical apparatus for the transmission of audio signals; electrical apparatus for transmitting sound; electronic audio apparatus; electronic circuits; electronic components; electronic musical recording apparatus; electronic receiving apparatus; electronic signal generating apparatus; electronic signal processing apparatus; electronic signal processing apparatus for musical instruments;

electronic signal transmission apparatus; electronic signal transmitters; electronic units for transmitting audio signals; guitar microphones; hand microphones with directional characteristic; headgear adapted for use in the reception of auditory stimuli; headgear adapted to secure audio electronic apparatus to the head; headphone amplifiers; headphone consoles; headphone-microphone combinations; headphones; headphones for audio apparatus;

radio receiving apparatus incorporating sound reproducing apparatus; radio receiving sets; radio signal antennae; radio signal transmission apparatus; radio signal tuners; radio signalling instruments for use in tracking; radio transceivers; radio transmission apparatus; radio transmitters; radio transmitting apparatus; radio wave receiving antennae; radio wave transmitting aerials; radio-frequency antennae; radio-frequency components;

radio-frequency receivers; radio-frequency transmitter; receivers for frequency modulated signals; sheaths for electric cables; sheaths for electrical wires; signal amplifiers; signal convertors; signal generators; signal processors for audio speakers; signal transmitters; sound adapters being parts of radio receiving apparatus; sound adaption apparatus for use with musical instruments; sound amplifiers; sound amplifying apparatus;

sound amplifying receivers; sound generation apparatus; sound processors; sound receiving head sets; sound reception apparatus; sound reproducing apparatus; sound reproducing apparatus with microphone; sound reproducing instruments; sound reproduction apparatus; sound transmitting apparatus; speech communications apparatus for use in noisy environments; stereo headphones; stereo receivers; stereo signal generator apparatus;

stereophonic apparatus incorporating headphones for personal use; stereophonic headphones; transmitter receivers; transmitters for broadcasting in frequency modulation; transmitters of electronic signals

Cl. 35 Advertising; brand creation services; conducting exhibitions for advertising purposes; conducting exhibitions for trade purposes; demonstration of goods; demonstration of goods for advertising purposes; demonstration of goods for promotional purposes; distribution of goods (not being transport services) (agent, wholesale, representative services, by any means); import services, not being transport services; marketing; product launch services;

product marketing; promotion and sale of naming and product supply rights (for others); promotional advertising services; promotional marketing; promotional services; retail services; retailing of goods (by any means); wholesaling of goods (by any means)

Cl. 39 Agency services for arranging the transportation of goods; arrangement of the storage of goods; arrangement of transportation; delivery of cargo; delivery of goods; despatch of goods; distribution (transport) of goods; distribution of goods (transportation); import and export cargo handling services; information services relating to methods of transport; information services relating to storage;

information services relating to the movement of cargo; logistics services (transport, packaging, and storage of goods); packaging articles for transportation; packaging of goods; packaging of products; packaging services; packing of merchandise; packing of products; provision of information relating to the transport of freight; provision of information relating to the transportation of goods; storage consultancy services;

transport consultancy services; transport information services

Cl. 42 Advisory services relating to product testing; commercial design services; component testing; design consultancy; design engineering; design of brand names; design of commercial products; design of communication systems; design of communications apparatus; design of electric circuit boards; design of electrical systems; design of electronic systems; design of instruments; design of logos; design of marketing material; design of new products;

design of packaging; design of printed material; design of printed matter; design of products; design of promotional matter; design of publicity material; design of telecommunications apparatus; design services; development of new products; electrical engineering services (design); electrical research; electrotechnical research; engineering design; graphic art design; graphic art services; graphic arts designing; graphic design services;

industrial design; industrial design styling; industrial engineering design services; industrial research of new products; industrial testing; inspection (testing) of apparatus; inspection of goods for quality control; material testing; materials evaluation and testing; name creation services; packaging design; preparation of drawings; preparation of engineering drawings; product analysis; product design; product development; product evaluation;

product monitoring services; product testing; quality control; quality control of goods; research and development (for others); research and development of products; research to develop new products; research, engineering and technical consultancy for industry ; testing of materials; testing of new products; testing of products

Cl. 9 Apparatus for communication; apparatus for use in communications networks; apparatus for use in digital communication transmission; communication apparatus; communication devices; communication devices for linking computer networks; communications installations; communications modems; communications apparatus; communications electronics for computers; communications networks

Cl. 35 Compilation and provision of online directories; consultancy relating to personnel management; consultancy relating to personnel recruitment; consultancy relating to public relations; organisation and administration services in relation to the supply of benefits for customer loyalty and frequent buyer or frequent flyer schemes; public relations; theatrical casting agency

Cl. 38 Advisory services relating to communications; advisory services relating to communications equipment; advisory services relating to telecommunications; audio communications services; communication between computers; communication by computer; communication by electronic mail systems; communication by electronic means; communication of information by computer; communication of information by electronic means;

communication of information by satellite; communication services between computers; communication services between data banks; communication services for the electronic transmission of data; communication services for the electronic transmission of images; communication services for the electronic transmission of voices; communication services for the transmission of information;

communication services for the transmission of information by electronic means; communication services over computer networks; communications by computer terminals; communications services for the exchange of data in electronic form; computer aided transmission of messages and images; computer bulletin boards; computer communication services; computer communications for the transmission of information; computer data transmission services;

computer intercommunication; computer network communication services; computer transmission services; computerised communication services; computerised data communications; consultancy services relating to communications; consultancy services relating to data communications; consultancy services relating to telecommunications; data broadcasting services; data communication by electronic means; data communication services; data transmission;

data transmission by electronic mail; data transmission for others; data transmission services over telecommunications networks; delivery of digital music by telecommunications; delivery of messages by audiovisual media; delivery of messages by electronic media; digital network telecommunications services; digital transmission services; electronic communication service by means of computer; electronic communication services;

electronic communication services for the transmission of data; electronic communications consultancy; electronic communications services for the transmission of data; electronic data communications; electronic data exchange services; electronic data interchange services; electronic file transfer; electronic funds transfer communication services; electronic instructions transmission services; electronic mail; electronic message services;

electronic message transmission; electronic network communications; electronic transmission of data; electronic transmission of documents; electronic transmission of images; electronic transmission of information; electronic transmission of messages; electronic transmission of messages; electronic transmission of voices; electronic transmission of written communications;

internet cafe services being the provision of telecommunications access to the internet; internet portal services; internet service provider (ISP) services; music broadcasting; netcasting (broadcasting over a global computer network); operating of electronic communications networks; operating of electronic communications systems; operation of cable television systems; operation of cellular communications systems; operation of chat rooms;

operation of local area networks; operation of paging systems; operation of telecommunications apparatus; operation of telecommunications systems; operation of television cable networks; operation of wide-band telecommunications networks; planning relating to communications; preparation of reports relating to communications; providing access time to web sites (ISPs); providing access to computer networks; providing access to databases;

providing access to online computer databases; providing information, including online, about telecommunications; providing internet chatrooms; providing of access to telecommunication warehousing services; providing telecommunication channels for teleshopping services; providing telecommunications connections to a global computer network; providing user access to a global computer network (service providers);

providing user access to a global computer network and online sites containing information on a wide range of topics; providing user access to global positioning signals for navigation purposes; providing user access to search engines; provision of access to electronic messaging systems; provision of access to television via decoding apparatus; provision of broadcasting equipment for outside locations;

provision of communications between computers; provision of communications by telephone; provision of communications information; provision of electronic communications facilities; provision of electronic data links; provision of electronic mail facilities; provision of facilities for radio receiving and radio transmission; provision of information relating to communications; provision of private mobile radio services;

provision of telecommunication facilities; provision of teleconferencing facilities; provision of user access to the internet; relaying of messages (electronic); relaying rescue beacon signals (telecommunications); remote transmission of data by means of telecommunications; satellite broadcasting services; satellite communications services; satellite telecommunications services; satellite transmission; satellite video conferencing services;

telecommunications; telecommunications advisory services; telecommunications brokerage; telecommunications consultancy; telecommunications routing and junction services; telecommunications security (providing secure connections and access including to computers and the global computer network); telecommunications services by satellite; telecommunications services for the distribution of data; teleconferencing services;

transmission of computerised data; transmission of data; transmission of data by audio-visual apparatus; transmission of data by cable; transmission of data by computer; transmission of data by electronic means; transmission of data by microwave; transmission of data by radio; transmission of data by radiopaging; transmission of data by telefacsimile; transmission of despatches by electronic means; transmission of digital media files;

transmission of documents by facsimile; transmission of global positioning signals for navigation purposes; transmission of information by computer; transmission of information by electronic means; transmission of information by radio; transmission of information by telephone; transmission of information on a wide range of topics, including online and over a global computer network; transmission of messages by computer;

transmission of messages by telefacsimile; transmission of messages by telegram; transmission of messages by telephone; transmission of messages by teleprinter; transmission of messages by telex; transmission of pictures by satellite; transmission of radio programmes; transmission of sound by electronic means; transmission of sound by satellite; transmission of telegrams; transmission of telephone calls; transmission of television programmes;

transmission of telexes; transmission of video films; video communication services; video conference services (telecommunications services); video transmission services; videotext services; voice mail services; voice message retrieval services; voice message storage services; voice transmission services; web portal services (providing user access to a global computer network); webcasting (broadcasting over a global computer network);

webcasting a television programme via the internet; wire service; wireless broadcasting; wireless communication services; wireless telephone services

Cl. 41 Electronic publication of information on a wide range of topics, including online and over a global computer network; internet games (non-downloadable); movie theatre presentations; multimedia production; museum exhibitions; museum services; music arranging services; music composition services; music concert services; music festival services; music hall services; music library services; music performance services; music publishing services;

music recording studio services; musical concert services; musical education services; musical entertainment services; musical performance services; musical performances; music-halls; online (electronic) publication of news; producing of motion pictures, plays and videos; production of animated cartoons; production of animated films and cartoons; production of audio and/or video recordings; production of audio entertainment;

production of audio recordings; production of audio/visual presentations; production of cable television programmes; production of cine-films; production of fashion shows; production of films; production of live entertainment; production of live performances; production of magazines; production of motion pictures; production of music shows; production of musical recordings; production of news and current affairs programmes; production of plays;

production of radio and television programmes; production of radio programmes; production of shows; production of sound recordings; production of special effects; production of webcasts; providing digital music (not downloadable) from the internet; provision of entertainment services via an online forum; publication of electronic books and journals online; publication of manuals; publication of multimedia material online;

publication of texts (other than publicity texts); publishing by electronic means; telephone games; video game entertainment services; video production services; writing for others (commissioned and custom writing); writing lyrics; writing of texts (other than publicity texts)

Cl. 42 Demographic survey services; design of communications apparatus; design of games; design of printed material; design of printed matter; design of promotional matter; design of storage systems; design of telecommunications apparatus; design of telecommunications installations; development of systems for the transmission of data; industrial research of new products; preparation of reports relating to scientific research; product analysis;

product evaluation; product monitoring services; product testing; providing information, including online, about industrial analysis and research services; provision of information relating to industrial design

Cl. 45 Advisory services relating to consumers rights; advisory services relating to copyright; advisory services relating to intellectual property rights; advisory services relating to patents; advisory services relating to security; advisory services relating to the law; advisory services relating to the security of premises; advisory services relating to trade marks; compilation, creation and maintenance of a register of domain names;

computer dating services; computer licensing; electronic signature authorisation; electronic signature verification; electronic surveillance; exploitation of intellectual property rights; exploitation of inventions; exploitation of patents; intellectual property consultancy; intellectual property licensing services; intellectual property watching services; legal research; licensing authority services; licensing of computer firmware;

licensing of computer programs; licensing of computer software (legal services); licensing of copyright; licensing of intellectual property; licensing of patents; licensing of registered designs; licensing of research and development; licensing of software; licensing of technology; licensing of trade marks; licensing services; management of patents; management of trademarks; patent agency services; patent attorney services; patent licensing;

professional advisory services relating to infringement of patents; professional advisory services relating to infringement of trade marks; professional advisory services relating to licensing of patents; professional advisory services relating to licensing of trade marks; professional advisory services relating to registered designs; professional advisory services relating to the licensing of industrial property;

prosecution of applications for industrial property rights; prosecution of applications for intellectual property rights; prosecution of applications for trade marks; prosecution of registered designs; protection of copyright; protection of industrial property rights; protection of intellectual property; providing information, including online, about legal services;

providing information, including online, about personal and social services meeting the needs of individuals; providing information, including online, about security; provision of licences; signature authorisation; signature verification

(511)(510)

Cl. 9 Wire harness for automobiles; wire harness; battery cables; spark plug cords; electric wires and cables for automobiles; connector housings to insulate electric terminals; electric connectors; holders for connector housings; spacers for connector housings; molded plastics for protecting wire harness; tubes for protecting wire harness; clamps for fastening wire harness; bands for binding wire harness; junction boxes for automobiles;

steering wheel rotary connectors; optical fiber cables; optical connectors; driving cables for meters; bare wires; coaxial cables; electric power lines; electric wares and cables for communication; fire-proof electric wires and cables; heat resistance electric wires and cables; electric wires and cables for alarms; pre-assembled wire harness for building and/or housing; building/housing wire harness; electric wires and cables; electric terminals;

electrical relays; electrical fuses; electrical fusible links; fuse boxes; relay boxes; electric control units; steering column switches; automotive door control units; kerosene level switches; power distribution or control machines and apparatus; rotary converters; phase modifiers; tachographs; taximeters; fuel consumption indicators; fuel consumption meters; load meters; center information display for automobiles; meter cluster for automobiles;

speedometers; tachometers; odometers; trip meters; fuel gauges; water temperature gauges; oil pressure gauges; oil temperature gauges; fuel sensors; pressure sensors; temperature sensors; meters for recording operation; temperature recorders for refrigerator trucks; gas meters; gas pressure regulators; pressure chart recorders; pressure recording gauges; measuring or testing machines and instruments; printers for taximeter; ETC vehicle units;

digital cameras; traffic accident data recorders; vehicle positioning system; data recorders and analyzers for construction equipment; gas leakage detectors and alarms; CO gas detectors and alarms (Carbon monoxide detectors and alarms); fire detectors and alarms; gas leak detectors; CO detectors (Carbon monoxide detectors); liquefied petroleum gas carburetors; automatic switch-over gas regulators; telecommunication devices and apparatus;

computer programs; electronic circuits, magnetic disks, magnetic cards, magnetic sheets and magnetic tapes recorded with computer programs; electronic machines; apparatus and their parts

Cl. 11 Evaporators for LPG fuel supply; fuel evaporating apparatus; boilers for LPG evaporation; air conditioners; apparatus for remote measurement and control of gas supply; solar water heaters; solar energy absorbers; photovoltaic power generation; absorption water heaters/chillers; cooling towers; fan coil units; remote measuring control machines and apparatus for air conditioners; hot-water boilers; LPG bulk storage tanks; gas cock valves; gas shut-off valves; two-way gas valves; gas bottle valves; gas valves; cock valves

Cl. 16 Diagram charts for use with recording instruments; paper and cardboard; stationery and study materials; printed matter

Cl. 17 Grommets; bushes; rubber plugs for waterproof connectors; rubber stoppers; electrical insulating tape; electrical insulating materials; gas pipe fittings; junctions for pipes (not of metal); packings; gas hoses; hoses of rubber; hoses of plastics; gas pipes (Gas collecting pipes, Gas manifold pipes); plastic pipes and tubes; rubber tubes and pipes

(500) Trade Mark Description: Colour Claimed: RED, BLACK; Parts Colour Claimed: RED (C-0%, M-100%, Y-100%, K-0%), BLACK (C-0%, M-0%, Y-0%, K-100%).*
