OFFICIAL NOTICES

Changes to fees for International Trade Marks filed under the Madrid Protocol

Due to the current world financial crisis, WIPO have changed the exchange rate that they use with Australia. These changes are to take place on Wednesday 1 April 2009.

This exchange rate change will affect the cost of requests that attract a fee, that are sent to WIPO via IP Australia.

All new application, subsequent designation and all 2nd Part Fees will still need to be calculated using the IP Australia Trade Marks International Fee Calculator.

The WIPO request fees that are not calculated on the IP Australia Trade Marks International Fee Calculator are listed below showing the new Australian dollar equivalent to the Swiss franc fee.

WIPO Form Reference	WIPO Form Title	Swiss Francs (CHF)	Australian Dollars (AUD)

Cl. 11 Lighting, heating, steam generation, cooking, drying, ventilating and water conduit apparatus as well as sanitary installations; mechanic apparatus and instruments for water heating, treatment, softening and purification; heating installations, in particular water heating installations; heating elements; electric heating apparatus; heating boilers; heat pumps; heat accumulators; heat exchangers, not parts of machines;

solar collectors for heating applications; hot water installations; water conduits and distributions systems; pressure water tanks; HVAC and cooling apparatus, namely air conditioning systems and apparatus, humidifiers, cooling systems and machines, water cooling systems, in particular open and closed circuit cooling towers, refrigerating appliances and installations; water collection and treatment systems; water supply installations; fountains;

installations for water recovery and treatment (included in this class); desalination plants; filters for drinking water; water filtering apparatus; installations for rainwater and ground water utilization (included in this class); water softening plants and apparatus; water purification installations; water sterilizers; water disinfectant apparatus; apparatus for swimming pools (included in this class), in particular chlorinating units;

counter current installations for swimming pools; whirlpools; purification installations for sewage; installations for wastewater treatment, also by membranes and filters; expansion tanks for central heating systems; automatic watering installations; chlorinating units for swimming pools; insulation jackets (parts of heating or water-pipe systems); steam generating installations; district heating plants and apparatus;

filters (parts of household or industrial installations); taps (included in this class); cooling installations and machines; refrigerators; ducts (included in this class); pipe joints (included in this class); air cooling apparatus; oil burners; regulating accessories for water or gas apparatus and pipes; sanitary installations (included in this class); safety accessories for water or gas apparatus and pipes;

refrigerating appliances and installations; thermostatic valves (parts of heating installations); volume expansion automats and automatic pressurizers for heating and cooling systems as well as for drinking and process water systems; water heaters (apparatus); hot water conduits systems; water-bearing fittings; water purification instruments and machines

- Cl. 12** Parts of motor cars, in particular pumps for use in motor cars; motor cars; vehicles for locomotion by land, air, water or rail; automobiles and their parts (included in this class); automobiles; vehicles; refrigerated vehicles; refrigerated railroad vehicles; amphibious airplanes; vehicle chassis; automobile chassis; anti-theft devices for vehicles (mechanic); electric vehicles; electric motors for land vehicles; gear boxes for land vehicles;
air pumps (vehicle accessories); motors for land vehicles; cooling radiators for land vehicles
- Cl. 16** Photographs; packaging material of plastic (included in this class); pamphlets; catalogues; prospectus; periodicals; magazines; books; printed matter; learning, teaching and education material (except apparatus); models, namely architect's and machine models
- Cl. 17** Sealing, packaging and insulation material; latex, gutta-percha, rubber, asbestos, mica and goods made thereof (included in this class); plastic products (semi-finished goods); flexible tubes, not of metal
- Cl. 19** Asphalt, pitch and bitumen; transportable buildings, not of metal; monuments, not of metal; building material, not of metal; building plates, not of metal; buildings, not of metal; penstock pipes, not of metal (included in this class); potter's clay (raw material); swimming pools (structures, not of metal); gutter pipes, not of metal; branching pipes, not of metal; tanks of masonry; basins for liquids, not of metal; drainage pipes, not of metal;
gratings, not of metal; drain traps, not of metal or plastic; drain traps for water pipes, not of metal or plastic; basins, not of metal, in particular for wastewater or wastewater treatment; clarifier tanks, not of metal; aeration tanks, not of metal; ducts for ventilating and air conditioning installations, not of metal; pipes, not of metal; water pipes, not of metal (components)
- Cl. 36** Insurance; financial affairs; monetary affairs
- Cl. 37** Construction; installation work; installation, maintenance and repair of pumps, pump stations, mixers and stirring units, elevation systems, sewage plants, sewage disposal plants and sewerage; installation, maintenance and repair of motors; installation, maintenance and repair of heating and air conditioning systems;
installation, maintenance and repair of regulating and control systems and of additional components for HVAC and water treatment systems; installation of district and local heat networks; installation of wastewater treatment and disposal plants as well as installation of basins, ponds and pits for water preservation;
- services regarding flood protection, pressure drainage, ground water lowering, in particular for mining and surface mining, namely structural and civil engineering for water, effluent and compressed air extraction as well as structural and civil engineering for pressure drainage and ground water lowering, in particular for mining and surface mining; structural and civil engineering for excrement and mud extraction; information on repair work;
installation, maintenance and repair of machines, in particular of pumps; installation, maintenance and repair of electrical systems and apparatus including control and regulating systems; installation, maintenance and repair of computers (hardware); plumbing; overhaul of worn out or partly destructed machines; overhaul of worn out or partly destructed motors; maintenance and repair of pumps
- Cl. 38** Providing access to computer programs in data networks; providing access to a worldwide computer network; providing access to information on the Internet; providing Internet chatrooms; providing platforms on the Internet; providing websites on the Internet; providing telecommunication channels for teleshopping services; chat lines, chatrooms and forums services; conducting of media conferences; collection and sending of messages;
rental of message sending apparatus; rental of access time to computer networks; sending and transmission of messages, images, information and data, in particular on the Internet; telecommunications
- Cl. 41** Training; entertainment; sports and cultural activities; arranging and conducting of seminars, workshops and education and training events; education and teaching; correspondence courses; translations; videotaping; consultancy regarding teaching, training and education; provision of electronic publications (not downloadable); coaching; demonstration and practical training; desktop publishing; services of a sound or television studio;
services of a publishing house (except printing); digital image services; distance teaching; film production; film production (in studios); publication of printed matter, also electronic, except for advertising purposes; publication of texts (except advertising texts); electronic publication of periodicals and books, also on the Internet; microfilming; arranging and conducting of conferences, congresses, symposiums and colloquiums;
human resources development by education and training; publication of books; video film production; video film rental (included in this class)
- Cl. 42** Scientific and technological services and research and services of a designer in respect of these; industrial analysis and research services; conception and development of computer hardware and software; update of computer software; software update by microprocessor controlled apparatus and instruments;

technical consultancy, namely in the fields of hardware, software, telecommunications, pumps, electric engines, heating and sanitary systems as well as of regulating and control systems; computer systems design; computer software design; services of a software engineer; services of a physicist; services of a technical measuring and testing laboratory; services of an engineer; conducting technical tests and checks; conducting technical measuring;

conducting scientific studies; electronic data saving; computer programming; technical expertise; scientific expertise; technical research; engineering research; implementation of computer programs in networks; installation, maintenance and repair of software for computer systems; calibration and functional testing of measuring equipment; configuration of computer networks by software; construction planning and technical project management;
