## Amendments to Trade Marks Regulations 1995

On 24 June 2009, the Federal Executive Council made the Intellectual Property Law Amendment Regulations 2009 (No.1) (the IP Regulations). The IP Regulations will shortly be registered on the Federal Register of Legislative Instruments and copies will be available from the ComLaw website ([www.comlaw.gov.au](http://www.comlaw.gov.au)).

Amongst other matters, the IP Regulations will amend the Trade Marks Regulations 1995 to align the various requirements for declarations in the designs, patents and trade marks legislation in accordance with current government recommendations and make a number of minor typographical corrections.

In detail the IP Regulations will amend the Trade Marks Regulations by:

- Amending regulation 21.6 to make the requirements for declarations under the trade marks legislation ('trade marks declarations') simpler and clearer by:
  - having general matters required of all trade marks declarations set out in new subregulation (2)
  - having additional requirements for certain trade marks declarations—those made on behalf of another person, or for the purposes of a business whose details are set out in the declaration—set out in new subregulations (2A) and (2B)
  - omitting subregulation 21.6 (4) since the requirements in this provision are set out in new paragraphs 21.6 (2) (d) and (e).
- Making a number of minor typographical corrections to Part 20.

The amendments to the Trade Marks Regulations will commence on 1 July 2009.
