NOTE:

Trade marks marked with an asterisk (*) or an IR number are international applications designating Australia

ABSTRACTS OF DECISIONS

**ABSTRACT OF REASONS FOR A DECISION OF A DELEGATE OF THE REGISTRAR OF
TRADE MARKS**

Trade Mark Application : 1096978 : DARLEY

Applicant : Kevin Francis Darley

Opponent : Darley Stud Management Company Limited

Decision : S52 Opposition – s44 – whether use of the applicant’s
surname is use as a trade mark – evidence does not
establish that the use of the applicant’s surname was use
as a trade mark – sections 41 and 44 established.
Application refused
Costs awarded against applicant.

Decision Issued : 17 November 2009

Trade Mark Application : 1089667 and 1089667 : "POMDELICIOUS" AND
DEVICE AND "POMDELICIOUS" (WORD MARK)

Applicant : Trialia Foods Australia Pty. Limited

Opponent : Pom Wonderful LLC

Decision : Section 52 Opposition – grounds under Sections 41, 42,
44 and 60 considered – marks not deceptively similar –
goods (fruit and fruit juice) not of same description –
registration allowed – costs awarded against the
Opponent

Decision Issued : 18 November 2009

Cl. 9 Data-processing apparatus and computers; computer operating systems consisting of hardware and software; video games as attachments for televisions; stored computer programs for use for telecommunications services; stored computer programs in conjunction with and for access to computer networks, databases and mailboxes; apparatus for recording, transmitting and reproducing sounds and images; apparatus for mobile telecommunication; modems;

apparatus for recording, transmitting and reproducing data; magnetic data carriers; calculators; chips (integrated circuits), coders (data processing); blank data carriers of all kinds, insofar as included in this class, compact discs (ROM, hard disks), compact discs (sounds, images); computer programs (stored), computer software (stored); computer programs stored on data carriers, in particular computer operating programs;

computer peripheral apparatus; magnetic data carriers; optical data carriers; interfaces, namely interface apparatus or programs for computers; monitors; smartcards (integrated circuit cards), ISDN cards; memories for data processing systems; computer networks consisting of hardware and software;

electric cables, electric cable ducts, identification threads for electric cables, identification sheaths for electric cables, cable clips, cable sheaths for electric cables

Cl. 35 Advertising, marketing, market research; business management; business administration; office function; collecting, compiling systemizing and maintenance of data in computer databases; (brokering) information in business matters; banner exchange, namely rental of Internet advertising space, rental of advertising space, especially in the Internet;

multimedia agency services, namely presentation of firms in the Internet and in other media, and planning and design of advertising measures; computerised file management; billing, especially via the Internet; business consultancy services with regard to the use of computer hardware and software and of new media and the Internet;

organisational project planning and organisational project management for advertising and websites of companies in the Internet and of other new media and generally with regard to data processing; systemizing and compiling of data in computer databases; compiling statistics; brokering and processing contracts for the purchase and sale of goods via teleshopping; presentation of goods and services on a teleshopping channel;

brokering trading and offering contacts via the Internet; brokering business contacts in the Internet; brokering business transactions in the context of an electronic store; holding Internet auctions; telephone answering service for absent subscribers; organising and holding exhibitions and conferences for business and advertising purposes; webvertising, namely marketing for third parties in digital networks;

call centre services, namely brokering, processing and forwarding orders for goods and services (office functions); telephone hotline business advice for Internet users; compiling data in computer databases; online services, namely electronic acceptance of orders for goods; provision of product information and consumer advice via a hotline and the Internet, where included in this class;

brokering sales contracts for third parties and billing for the same in computer networks (e-commerce services, online shopping) and/or via other distribution channels; brokering contracts for the purchase and sale of domain names for third parties; business planning and advising contract partners on setting up and managing retail businesses, especially in the area of brokering transport services; marketing and advertising;
 carrying out business location analyses

Cl. 36 Transport insurance; brokering of transport insurance; financial processing of cash-on-delivery letters/packages; customs clearance for third parties

Cl. 37 Installation of hardware to provide Internet access, installation of cables for Internet access

Cl. 38 Telecommunications; services of an online supplier and content provider, namely providing access to and transmitting text, audio and video information of all kinds as well as electronic news transmission; rental of telecommunications facilities; videotext service; e-mail services; electronic transmission of text messages; telefax services; telecommunications services via fibre optic and wireless networks, cable networks and other networks;

rental of telecommunication cables, cable access and networks; online services, namely transmitting video and audio information and news of all kinds, including in the form of e-mails, chats, electronic newsletters, news forums, entertainment programmes, texts, drawings and pictures of goods and services; news and picture transmission via computer; paging services (radio, telephone or other electronic means of communication);

information about telecommunications; providing access to discussion forums and newsgroups in the Internet; computer and satellite-aided transmission of news, information, data, pictures; data exchange via telephone channels; web messaging, namely forwarding of news of all kinds to Internet addresses; providing access to a web, mail and news portal;

providing Internet portals for third parties, providing access to chat lines, chat rooms and forums in the Internet; Internet provider services, namely providing access to information and entertainment programmes in the Internet, Internet telephony; telephone services, performing telephone services; telefax services; inputting data into digital networks; operating telecommunications channels for teleshopping services;

rental of telecommunications equipment; encoded transmission of data; providing a discussion forum in the Internet; rental and leasing of access times to computer databases, to computer mailboxes, to computer networks, to interactive communication networks for computers, to electronic publications in different areas; to product and service catalogues and computer-aided information and to computer-aided research and reference materials;

rental of access time to databases; leasing of computer access times for data processing

Cl. 39 Transport, courier services; letter, freight and express services, where included in this class; logistics services in the transport sector; services of a freight broker; loading and unloading goods of all kinds, especially parcels, parcel-like packages, mail items, small parcels, items containing written communications and other news, in particular letters, consignments of valuables, documents, pallets;

conveyance and transport of goods of all kinds, especially parcels, parcel-like packages, mail items, small parcels, items with written communications and other news, in particular letters, consignments of valuables, documents, pallets by motor vehicle and truck, including individually packaged goods and general cargo, by machine vehicle, rail vehicle, railway, ship, aeroplane, bicycle, non-motorised vehicle;

picking up, collecting, sorting, distributing, delivering and taking back goods of all kinds, especially parcels, parcel-like packages, mail items, small parcels, items containing written communications and other news, in particular letters, consignments of valuables, documents, pallets by hand or by mechanical materials handling systems;

provision and transmission of shipping data, including electronic tracking by means of electronic position fixing and further logistics support services on the transport sector; information about transport matters; providing information about storage; preparation of all shipping documents; storage, storage management, packaging, shipping processing and handling, commissioning, putting together and separating goods of all kinds;

organising and processing returned consignments (returns management); advice in connection with forwarding and other logistics matters; rental of storage containers; rental of storage space

Cl. 42 Scientific and industrial research; computer technology services, namely computer consultancy services and computer system analyses; computer software design; computer programming; technical projecting and planning of telecommunications; generating software for editing images, also on a computer; generating software for image transmission on websites, updating of software programs; maintenance of computer software; design of computer software;

rental of computer software; restoring and backing up computer data, included in this class; advice on the design of homepages and websites; designing, programming, setting up websites for online and offline operation; technical development and programming of security systems, e.g; digital identities and signatures in the Internet; data encoding; encoded electronic storage of data;

short-term, medium-term and long-term electronic storage and intermediate storage of data for backup purposes; technical planning and technical development of solutions for secure data transmission and to prevent unauthorised external access to data; technical planning and generation of internal and external computer networks; maintenance of software for Internet access; provision and rental of memory capacity in the Internet;

technical advice about the Internet, technical advice by hotline for the Internet, namely interactive technical advice about the Internet; software configuration of networks, where included in this class; network management, namely monitoring line status and analysing the network operation and protecting against illegal network access, and electronically backing up data; software configuration; administration of name servers in the Internet;

rental of web servers; technical projecting and programming of web stations (web servers); provision of webspace; services of an Internet agency, namely generating, maintaining and curating websites; services of a multimedia agency, namely implementing computer programs in network structures, hardware and software advice; technical advice on the use of computer hardware and software and of new media and the Internet; electronic backing up of data;

computer programming for statistical analyses; computer programming for online banking; development services for third parties relating to new mobile communication products (UMTS); telephone hotline for technical advice to Internet users; installing, maintaining and servicing virtual networks (software); configuring networks (using software), where included in this class; providing an Internet e-commerce platform;

technical advice on conducting business solely in the field of transport, traffic, storage and external and internal inventory management for third parties

Cl. 45 Licensing computer software; licensing industrial property rights; registering, granting and renting domains (legal services)

(511)(510)

Cl. 9 Sound, image and data media of all types (included in this class) (except unexposed films), particularly magnetic tapes, cassettes, compact discs, videodiscs, phonograph records, DATs, audio discs, audio cassettes and videocassettes, video films, audio films, videotapes, audiotapes, diskettes, CD-ROMs, digital versatile discs (DVD), all the above goods in pre-recorded form or not;

apparatus for recording, transmission or reproduction of sound, images and data; calculating machines, data processing equipment and computers, computer software (stored or downloadable); spectacles (optics); spectacle cases; electronic publications, downloadable

Cl. 16 Paper, cardboard and goods made from these materials (included in this class), particularly table napkins of paper, handkerchiefs of paper, toilet paper, kitchen paper tissues and paper towels; printed matter, in particular magazines, newspapers, books, catalogues and brochures; bookbinding material; photographs; instructional and teaching material (except apparatus); stationery; posters; decalcomanias; trading cards (stationery);

adhesives (glues) for paper, stationery or household purposes; artists' material; paint brushes; typewriters and office requisites (except furniture); plastic materials for packaging (included in this class); printers' type; printing blocks

Cl. 35 Advertising research, namely marketing research, marketing studies and opinion polling; distribution of goods (particularly leaflets, prospectuses, printed matter and samples) for advertising purposes; negotiation of advertising contracts for third parties; advertising, particularly radio and television advertising, advertising by means of cinematographic films, by the print media, by means of videotext and teletext; public relations;

development of marketing concepts; rental of publicity material; rental of advertising films; rental of advertising space, also in electronic form on the Internet; business management; business administration; office functions; systemization and compilation of data in computer databases; updating of data in computer databases;

administrative processing of purchase orders relating to goods and services (also for teleshopping offers), particularly acceptance of orders, order processing, transmission of orders, processing of complaints, inquiries and orders; commercial information and advice for consumers (consumer counselling); publication of printed matter for advertising purposes

Cl. 38 Telecommunications; electronic transmission and retransmission of sounds, images, documents, messages and data; telephone services, also via hotlines and call centers; cellular telephone communication; e-mail services; facsimile transmission; news agencies; providing access to databases in computer networks; rental of access time to databases;

electronic broadcasting and transmission of cinematographic, televised, radio, videotext or teletext programmes; providing user access to information and information services available on the Internet and on other computer networks; providing access to information about computer games, video games and information about similar products on the Internet;

telecommunications via platforms and portals on the Internet, particularly via an Internet portal providing access to information, particularly enabling users to gather material on publishers' products (computing services); consulting services in the field of telecommunications; providing user access to a global computer network (service providers); teleconferencing services; rental of telecommunication facilities; providing telecommunication channels for teleshopping services and electronic market spaces; electronic exchange of messages via chat lines, chat rooms and Internet forums; forwarding messages of all kinds to Internet addresses (Web messaging); providing access to databases

- Cl. 41** Entertainment, particularly radio and television entertainment, also via the Internet; consulting services in the field of entertainment, also on the Internet; conducting games on the Internet; film production, television film production, video film production; production of radio, television and audio programmes; drawing up texts (except for advertising purposes), particularly for video and teletext programmes; rental of motion pictures; publication of printed matter (except for advertising purposes), particularly of periodicals, newspapers, books; education; training; sporting and cultural activities

- Cl. 42** Technical consultancy; server administration; electronic data storage and data back-up, also in computer databases; computer programming and computer software design; design and creation of homepages and Web pages; hosting computer sites (Web sites); searches and research in databases and on the Internet for computer technology and scientific research; consulting services in the field of telecommunications; provision or rental of electronic storage space (Web space) on the Internet; rental of computer software

(500) Provisions of subsection 41(5) applied.*
