OFFICIAL NOTICES

**Change of Exchange Rate  
International Trade Marks filed under the Madrid Protocol**

IP Australia regularly monitors the official United Nations exchange rate between the Australian dollar and the Swiss franc in relation to applications filed under the Madrid Protocol through IP Australia and adjusts the fees payable in Australian dollars when there is a fluctuation of 5% or more.

The official United Nations exchange rate as at 1 January 2010 is 1 Australian dollar to 0.9263 Swiss francs. Accordingly, the IP Australia International Trade Mark Fee Calculator will be adjusted from 1 Australian dollar to 0.76030 to 0.9263 Swiss francs on and from 8 February 2010.

This change will also affect WIPO request fees that are not calculated on the IP Australia International Trade Mark Fee Calculator. These are outlined below.

WIPO Form Reference	WIPO Form Title	Swiss francs (CHF)	Australian Dollars (AUD)
MM5	Request to Change Ownership	177	191
MM6	Request for limitations of the Goods and Services	177	191

construction of automobile plants; maintenance of energy facilities; repair or maintenance of chemical plants; maintenance of petrochemical plants; maintenance of petroleum plants; maintenance of gas plants; maintenance of utility facilities plants; maintenance of environmental protection facilities; maintenance of storage and transportation facilities; repair or maintenance of storage tanks; maintenance of machinery manufacturing plants;

maintenance of processing and assembly plants; maintenance of food plants; maintenance of pharmaceutical manufacturing plants; maintenance of automobile plants; repair or maintenance of nuclear electric power plants; repair or maintenance of machines, apparatus, or instruments (including their parts) or systems composed of such machines, apparatus or instruments; repair or maintenance of machine elements;

repair or maintenance of air-conditioning apparatus (for industrial purposes); repair or maintenance of burners; repair or maintenance of boilers; repair or maintenance of industrial furnaces; repair or maintenance of pumps; repair or maintenance of freezing machines and apparatus; repair or maintenance of sewage treatment facilities; repair or maintenance of water pollution control equipment; repair or maintenance of water purifying equipment;

repair or maintenance of gasoline station equipment; repair or maintenance of construction machines and apparatus; rental of construction machines and apparatus; repair or maintenance of electronic machines and apparatus; repair or maintenance of apparatus for collecting information; repair or maintenance of electronic monitoring apparatus; repair or maintenance of continuous measuring apparatus for environmental pollution gas;

repair or maintenance of laboratory apparatus and instruments; repair or maintenance of waste compacting machines and apparatus; repair or maintenance of waste crushing machines and apparatus; repair or maintenance of telecommunication machines and apparatus (other than telephone sets, radio receivers and television receivers); repair or maintenance of electric power distribution or control machines and apparatus;

repair or maintenance of electric power generators; repair or maintenance of electric motors; repair or maintenance of measuring and testing machines and instruments; repair or maintenance of medical machines and apparatus; repair or maintenance of chemical processing machines and apparatus; repair or maintenance of machines and apparatus for pulp-making, papermaking or paper-working;

repair or maintenance of plastic processing machines and apparatus; repair or maintenance of packing or wrapping machines and apparatus; repair or maintenance of rubber-goods manufacturing machines and apparatus; repair or maintenance of machines and apparatus for processing foods or beverages; repair or maintenance of glassware manufacturing machines and apparatus; repair or maintenance of metalworking machines and tools;

repair or maintenance of mining machines and apparatus; repair or maintenance of textile machines and apparatus; repair or maintenance of painting machines and apparatus; shipbuilding; repair or maintenance of vessels; repair or maintenance of aircrafts; providing information relating to general building construction works via computer networks; providing information relating to electrical works via computer networks;

providing information relating to telecommunication wiring via computer networks; providing information relating to repair or maintenance of electronic machines and apparatus via computer networks; providing information relating to repair or maintenance of general civil engineering works via computer networks; providing information relating to repair or maintenance of consumer electric appliances via computer networks

**Cl. 42** Engineering services; engineering on chemical plants; engineering on petrochemical plants; engineering on petroleum plants; engineering on gas plants; engineering on facilities and systems for environmental and sanitation; engineering on facilities and systems for storage and transportation; engineering on electric power plants; engineering on telecommunication plants; engineering on iron and steel manufacturing plants;

engineering on machinery manufacturing plants; engineering on food plants; planning, designing, or engineering on pharmaceutical manufacturing plants; consulting on pharmaceutical manufacturing plants namely providing technical advice on the design and/or construction of pharmaceutical manufacturing plants; designing of chemical plants; designing of petrochemical plants; designing of petroleum plants; designing of gas plants;

designing of utility facilities plants; designing of facilities and systems for environmental protection; designing of facilities and systems for storage and transportation; designing of electric power plants; designing of telecommunication plants; designing of iron and steel manufacturing plants; designing of machines, apparatus, or instruments (including their parts) or systems composed of such machines apparatus, or instruments;

designing of machinery manufacturing plants; designing of processing and assembly plants; designing of food plants; designing of automobile plants; architectural services; providing information relating to designing of architecture; research and development of chemical and fine chemical technology; research and development of technology for energy facilities; research and development of technology for coal, nuclear or alternative energy;

research and development of technology for utility facilities; research and development of technology for environmental protection; research and development of technology for prevention of pollution; research and development of technology for storage and transportation facilities; research and development of processing and assembly technology; research and development of machinery manufacturing technology;

research and development of information processing technology; research and development of technology for new materials and functional materials; research and development of food technology; research and development of pharmaceutical manufacturing technology; research and development of biotechnology; environmental assessment; providing information relating to chemistry;

providing technical information relating to gas, liquid gas, natural gas, mineral oils and greases for industrial purposes [not for fuel], petrochemicals and catalytic refining; providing information relating to research of the prevention of pollution, disasters and accidents; providing information relating to testing or research of prevention of pollution;

providing technical information relating to sciences such as biology, physics, chemistry, and medical science; providing technical information relating to engineering such as electrical engineering and electronic engineering; providing information relating to research of building construction or city planning; providing technical information relating to optical apparatus and instruments;

providing information relating to testing or research of prevention of pollution via Internet; providing information relating to testing, inspection or research of pharmaceuticals, cosmetics or foodstuff via Internet; providing information relating to testing, inspection or research of pharmaceuticals, cosmetics or foodstuffs; providing information relating to research of medical treatment and pharmaceuticals;

providing information relating to testing or research of machines, apparatus and instruments; testing or research on chemistry; testing or research on prevention of pollution; testing or research on civil engineering; research on building construction or city planning; testing or research on machines, apparatus and instruments; testing or research on electricity; testing, inspection or research of pharmaceuticals, cosmetics or foodstuffs;

computer software design, computer programming, and maintenance of computer software via communications networks; design, programming, and maintenance of computer network systems; maintenance of computer communication software for management of electronic payment systems; other computer software design, computer programming, or maintenance of computer software;

providing information relating to computer programming or design of network systems by using communications via computers; providing information relating to computer software design, computer programming, or maintenance of computer software; consultancy relating to design, programming, configuration, installation, functional enhancement, expansion, or maintenance of computer software;

consultancy relating to design, programming, configuration, operation, functional enhancement, expansion, or maintenance of computer network systems; information processing using computers; providing information in a form of databases relating to design of civil engineering and construction, and information thereof in other forms;

analysis, technical guidance, testing, research, and report of water supply and sewage processing, and provision of information relating thereto; providing information relating to architectural design for installation of gas equipment and appliances; providing information relating to prospecting and analysis of oil and natural gas;

technical advice relating to computers, automobiles and other machines that require high levels of personal knowledge, skill or experience of the operators to meet the required accuracy in operating them, including technical advice relating to the performance and operation of such goods and machines;

consultancy relating to usage and operation of electrical equipment based on investigation and analysis of electric power consumption data collected via computer communications networks; consultancy relating to usage and operation of electrical equipment based on investigation and analysis of electric power consumption data collected via computer communications networks for calculating CO2 reduction and equivalent crude oil reduction; surveying;

geological surveys or research; providing information relating to geologic surveys or research; designing; checking of buildings namely field-testing, commissioning and checking other than for maintenance purposes of a plant facility

zinc calcine, zinc sulphate, zinc sulphate monohydrate, zinc sulphate solution, germanium dioxide, germanium tetrachloride, thallium nitrate, lead bismuth bullion, lead chloride, indium lead oxide, granulated lead antimony oxide, mercurous chloride, oleum, molybdenum, copper matte, copper arsenate, copper sulphate, ammonium sulphate, ammonium bisulphite, ammonium bisulphite solution;

chemical substances used for agricultural and horticultural purposes, chemical fertilizers

**Cl. 4** Metallurgical coal and thermal coal

**Cl. 6** Wrought and unwrought metals, alloys, ingots, metal bars and intermetallic compounds, namely, aluminum, antimony, arsenic, bismuth, cadmium, indium, lead, tellurium, thallium, tin, zinc, copper, iron, germanium, indium antimonite, indium arsenide, iron-silicate compounds, mercuric compounds; metal concentrates, zinc concentrates, lead concentrates, copper concentrates, molybdenum concentrates, all for future manufacture;

alloy and metal alloys in cast, extruded and powder form, namely, zinc alloys, zinc powder, nickel powder, zinc-aluminum alloys, tin powder, lead powder, indium powder, metal additives for galvanizing baths; antimonial lead; arsenical lead; low alpha lead, low alpha copper; zinc alloy touch up solder for galvanized steel products; atomized powder

**Cl. 7** Machinery and mechanical equipment for continuous battery plate electrode fabrication, namely, metal alloy strip casters, winders and parts and fittings, rotary expanders tooling modules, lines and parts and fittings, rotary battery plate dividers, continuous paste mixing machines and parts and fittings

**Cl. 9** Electroplating anodes and electrochemical sensors; anodes, cathodes; computer software, program and instruction manual sold therewith for monitoring, optimizing and predicting zinc bath processes for galvanizing lines; computer software, program and instruction manual sold therewith relating to environmental measurements and environmental sustainability and monitoring

**Cl. 14** Precious metals, namely, gold and silver

**Cl. 16** Periodic publications in the nature of magazines, pamphlets, brochures, newsletters and reports in the fields of mining, geological exploration, environmental sustainability, batteries and battery production, metals and metal alloys and related product uses in the market, and fertilizers

**Cl. 35** Sale of metals, compounds and chemical substances in different forms, namely, concentrates, solutions, bars, ingots, powders, sheets, cathodes and batches; commercial services relating to the fields of mining, exploration, geology, petrology, mineralogy, mining, metallurgy, environmental, chemistry, corrosion and industrial plant design and construction, galvanising technologies, battery materials, performance and systems, and fuel cell materials and processes, and all associated engineering disciplines thereof

**Cl. 37** Mining extraction and excavation services; providing information in this class in the field of mining, extraction and excavation over a global computer network; mining services and activities

**Cl. 39** Delivery of metals, compounds and chemical substances in different forms, namely, concentrates, solutions, bars, ingots, powders, sheets, cathodes and batches

**Cl. 40** Metal refining services and activities (not including mining extraction or excavation); process for the removal of impurities from solution, namely chloride, fluoride and sulphate, from industrial process streams; manufacturing process for producing pozzolanic additives to portland cement and/or concrete; operating recycling processes of metallic components in electronic wares and battery components; generation of electricity;

providing information in this class in the fields of mining, metallurgy and metal recycling over a global computer network; production of metals, compounds and chemical substances in different forms, namely, concentrates, solutions, bars, ingots, powders, sheets, cathodes and batches; managing (not being business or commercial management) and operating processes for extraction of metals from ores and concentrates

**Cl. 41** Promoting public awareness in the field of industrial metal uses and recycling, fertilizer and chemical supplements and reagents through programs, namely, written brochures, conferences, associations, studies and contests
