Cl. 9 Gravimetric measuring instruments, weighing devices, weighing systems and weighing scales of all types; mechanical, electrical and electronic parts (including fastening means, load receptors, draft shields, protection covers, transport cases, weights, load cells (measuring instruments), displays and computer software) for gravimetric measuring instruments, weighing devices and weighing scales;

devices for measuring, testing and control as well as parts thereof, namely transducers for weight, force, pressure, vibration, acceleration and derivable values thereof; load cells (measuring instruments), weighing cells and weigh modules as well as parts thereof; mass comparators; devices for counting, dosing, controlling, classifying, filling and portioning of solids, powdered materials, pasty materials and liquids;

metal and mineral detectors as well as parts thereof; devices for creating and controlling X-radiation (except for medical use), devices for the measurement of adsorbed, reflected, transmitted, attenuated and scattered radiation, devices for the identification of foreign materials in food products, devices for checking product integrity and control of packaged goods;

devices, systems as well as parts thereof for the measurement of the volume, the dimension, the placing and the weight of objects; barcode scanners, hand scanners, electromagnetic scanners, optical scanners, image scanners and scanners for industrial inspection; computers, data storage, computer software, data processing devices, electronic controls, electronic evaluation devices for weighing, measuring,

testing and control devices and systems as well as for industrial process control; computers, data storage, computer software, data processing devices, weighing scales and weighing devices for recording, statistical analysis, output and visualization of physical, chemical and analytical measurement values, weight values and non-physical product criteria for quality and charge control;

computers, data storage, computer software, data processing devices, weighing scales and weighing devices for capturing instruction processing, traceability and compliance with legal requirements; computers, data storage, computer software, data processing devices for function control and diagnosis of devices, systems as well as parts thereof;

computers, data storage, computer software, data processing devices, computer networks for workflow management, for device integration, for information sharing and for documentation of work processes; interfaces based on source code sequences with communication functions for data communication (for example computer software installation, data exchange, remote diagnosis,

assistance) with programmable client/server functions for the connection of sensors, measuring devices, laboratory devices and operating terminals to a network; manuals, catalogs and magazines on data media for displaying on viewing screens; devices and shieldings for securing electromagnetic compatibility; electric devices, systems as well as parts thereof for the prevention of electrostatic effects;

devices, systems as well as parts thereof for anti-theft security; conveying devices (systems) and dispensing devices as well as parts thereof, especially conveying devices for separating and dividing of transported goods according to measurable criteria like magnetic flow, especially in connection with weighing devices; price marking devices, price calculating devices

Cl. 37 Installation, servicing and repair of measuring instruments for carrying out gravimetric, physical, chemical, analytical measurements and dosings, including performance of function tests on instruments for carrying out gravimetric, physical, chemical, analytical measurements and dosings; provision of information regarding maintenance of measuring instruments for carrying out gravimetric, physical, chemical, analytical measurements and dosings
