Cl. 9 Scientific, nautical, surveying, photographic, cinematographic, optical, signalling, monitoring apparatus and instruments; magnetic data carriers, recording discs; data processing equipment and computers; apparatus for recording, transmission, reproduction, reception and play-out of sound or images, including for the transmission, distribution, broadcasting of information, data, graphics, sound, music, videos, animation and text;

magnetic data carriers, recording discs, pre-recorded video cassettes, tapes and cartridges, compact discs, dvds; video conferencing apparatus; data processing equipment and computers, computer software, computer hardware and computer peripherals, telecommunications apparatus and equipment and electronic apparatus and instruments; satellites; satellite dishes; satellite apparatus;

portable and transportable apparatus for receiving and sending satellite transmissions; satellite broadcasting instruments; satellite earth stations; satellite receivers; satellite television receiving apparatus; satellite communications equipment; satellite transceivers; target surveillance apparatus; satellite television transmission uplink encryption and encoding apparatus; transmitting apparatus for satellite broadcast;

receiving antennas for satellite broadcast; satellite boxes; satellite navigational apparatus; intercommunication satellites; electronic television satellite apparatus; audiovisual apparatus; broadcasting satellite earth stations; digital point of sale material and electronic signage; satellite television signal encryption apparatus; camera apparatus; television cameras;

electrical and electronic apparatus, for management and/or performance analysis of telecommunications, terrestrial and satellite broadcasting, signalling and data communications networks; apparatus for use in broadcasting, transmission, receiving, processing, reproducing, encoding and decoding of digital signals; signal generators, receivers, multiplexes, modems;

electronic circuits and components all for processing, coding and decoding electronic radio frequency and optical signals; encoding and decoding apparatus and instruments, speech processors, amplifiers, receivers and transmitters; apparatus for decoding encoded signals including set top boxes for television reception; set top box apparatus including a decoder and an interactive viewing guide;

set top box apparatus including a decoder and a recorder for recording television and audio programmes; set top box apparatus including a decoder and a recorder programmable to transfer stored recordings to storage and also to delete the older recordings; recorded television and radio programmes; recorded programmes for broadcasting on television and on radio; video recordings; electronic computer games; electronic interactive computer games;

computer software; computer software for use in telephony, telecommunications, data communications, satellite broadcasting and the transmission, receiving, display, encryption and decryption of digital signals; computer software for provision and display of data from local and global computer networks and for receiving, exchange and display of messages, images or data;

computer software for creating and safeguarding a communications network, for network security and for messaging and electronic mail services; computer software providing access to local and global computer networks and computer software enabling parties to view, display, transmit and download information from local and global computer networks;

computer software enabling parties to conduct business and business transactions on local and global computer networks; computer software providing web hosting facilities; computer software for use in the creation and development of websites, including those having interactive content; cd roms; electronic publications; computers; computer hardware; computer peripherals; monitors; television aerials;

televisions, television equipment and apparatus; television receivers; viewing screens, control consoles, electrical cables, fibre optic cables, ducting for cables, alarm boxes and computer operating software; closed circuit tv systems and installations; security cameras; mobile radio and television broadcasting units; parts and fittings for all of the aforesaid goods

Cl. 35 Advertising; business management; business administration; office functions; advertising and promotion services; advertising, promotional and marketing services provided via satellite transmission, the internet or through other electronic means; compilation of advertisements, marketing and promotional material for use on the internet or by other electronic means;

preparation and presentation of audio visual displays for promotional or advertising purposes not including illuminated signs; provision of business information and provision of computerised business information data, all relating to the provision of and/or broadcasting of information, data, graphics, sound, music, videos, animation and text; information, consultancy and advisory services relating to all of the aforesaid services

Cl. 36 Financial services; provision of credit and payment services; financial services provided via telephone, the internet or by satellite; sponsorship of sporting events

Cl. 37 Installation services; maintenance services; installation, maintenance, repair and monitoring of apparatus for recording, transmission or reproduction of sound or images for the transmission, distribution and broadcasting of information, data, graphics, sound, music, videos, animation and text, via satellite systems or computer networks;

installation, maintenance, repair and monitoring of data processing equipment, computer hardware, telecommunication apparatus, digital point of sale material and electronic signage, in each case for use in connection with the aforesaid purposes; installation, repair and monitoring of electronic apparatus and instruments, all for use in connection with the aforesaid purposes;

information, consultancy and advisory services relating to all of the aforesaid services

- Cl. 38** Telecommunication services; telecommunication of information, computer programs, computer software and other data, providing satellite transmission of computer programs and computer software, satellite broadcasting of graphics, information, data, sound, music, videos, animation and text, audio, video and data communications services; satellite broadcasting services; satellite communications services; satellite transmission; telecommunications services by satellite; rental of satellite broadcasting sets; transmission of data by communications satellite; communication of information, computer programs, computer software and other data; broadcasting of programmes by satellite; broadcasting; transmission, broadcast and reception of audio, video, still and moving images and data whether in compressed or uncompressed form and whether in real or delayed time;
- electronic mail services; communication services for video conferencing purposes; satellite video conferencing services; video conferencing services; providing voice over internet protocol (voip) peer-to-peer communications; electronic transmission of data and documents over computer terminals and instant messaging services; providing a high speed access to area networks and a global computer information network; teletext services; news information and news agency services; news agency services for electronic transmission; transmission of news; supply of satellite radio and television broadcasting facilities; providing access to and leasing of access time to a computer database; providing access to or leasing of access to satellite capacity;
- broadcasting on radio, tv and on the internet of audio, video, still and moving images and data whether in compressed or uncompressed form and whether downloadable or non-downloadable; distribution of audio, video, still and moving images and data whether in compressed or uncompressed form and whether downloadable or non-downloadable;
- telecommunication services, namely the operation of transmit and/or receive satellite earth stations (whether fixed or transportable); dissemination of television programmes relayed by satellites; web-based online systems for booking satellite capacity and for the automated remote-control of satellite transmission equipment; information, consultancy and advisory services relating to all of the aforesaid services

- Cl. 41** Television and radio entertainment services; information relating to sporting events provided by satellite transmission, the internet or by other electronic means; television, radio and film production in studios or by means of outside broadcasting facilities; publication of information, data, graphics, sound, music, videos, animation and text comprising or relating to programme content, gambling, betting,

wagering and gaming services and information and advisory services related thereto; on-line and telephone gambling, betting, wagering and gaming services; entertainment sporting services provided by telephone, satellite, the internet or on-line from a computer network database; gaming, machine entertainment services; gaming services for entertainment purposes;

supply and rental machines and software used in connection with gambling, betting, wagering or gaming services; information, consultancy and advisory services relating to all the aforesaid services

- Cl. 42** Scientific and technological services and research and design relating thereto; industrial analysis and research services; design and development of computer hardware and software; computer programming, computer systems analysis, repair, maintenance, updating and monitoring of computer software and computer programs, consultancy and advisory services in the field of data processing equipment, computer hardware, apparatus for recording,
- transmission or reproduction of sound or images, all for the transmission, distribution and broadcasting of information, data, graphics, sound, music, videos, animation and text, via satellite systems or landline computer networks; storage of computerised business information data, all relating to the provision of and/or broadcasting of information, data, graphics, sound, music, videos, animation and text;
- consultancy and advisory services in the field of telecommunications apparatus, computer software and electronic apparatus and instruments, all being for use in the provision of information, data, graphics, sound, music, videos, animation and text, information, consultancy and advisory services relating to all the aforesaid services

Cl. 9 Scientific, nautical, surveying, photographic, cinematographic, optical, signalling, monitoring apparatus and instruments; magnetic data carriers, recording discs; data processing equipment and computers; apparatus for recording, transmission, reproduction, reception and play-out of sound or images, including for the transmission, distribution, broadcasting of information, data, graphics, sound, music, videos, animation and text;

magnetic data carriers, recording discs, pre-recorded video cassettes, tapes and cartridges, compact discs, dvds; video conferencing apparatus; data processing equipment and computers, computer software, computer hardware and computer peripherals, telecommunications apparatus and equipment and electronic apparatus and instruments; satellites; satellite dishes; satellite apparatus;

portable and transportable apparatus for receiving and sending satellite transmissions; satellite broadcasting instruments; satellite earth stations; satellite receivers; satellite television receiving apparatus; satellite communications equipment; satellite transceivers; target surveillance apparatus; satellite television transmission uplink encryption and encoding apparatus; transmitting apparatus for satellite broadcast;

receiving antennas for satellite broadcast; satellite boxes; satellite navigational apparatus; intercommunication satellites; electronic television satellite apparatus; audiovisual apparatus; broadcasting satellite earth stations; digital point of sale material and electronic signage; satellite television signal encryption apparatus; camera apparatus; television cameras;

electrical and electronic apparatus, for management and/or performance analysis of telecommunications, terrestrial and satellite broadcasting, signalling and data communications networks; apparatus for use in broadcasting, transmission, receiving, processing, reproducing, encoding and decoding of digital signals; signal generators, receivers, multiplexes, modems;

electronic circuits and components all for processing, coding and decoding electronic radio frequency and optical signals; encoding and decoding apparatus and instruments, speech processors, amplifiers, receivers and transmitters; apparatus for decoding encoded signals including set top boxes for television reception; set top box apparatus including a decoder and an interactive viewing guide;

set top box apparatus including a decoder and a recorder for recording television and audio programmes; set top box apparatus including a decoder and a recorder programmable to transfer stored recordings to storage and also to delete the older recordings; recorded television and radio programmes; recorded programmes for broadcasting on television and on radio; video recordings; electronic computer games; electronic interactive computer games;

computer software; computer software for use in telephony, telecommunications, data communications, satellite broadcasting and the transmission, receiving, display, encryption and decryption of digital signals; computer software for provision and display of data from local and global computer networks and for receiving, exchange and display of messages, images or data;

computer software for creating and safeguarding a communications network, for network security and for messaging and electronic mail services; computer software providing access to local and global computer networks and computer software enabling parties to view, display, transmit and download information from local and global computer networks;

computer software enabling parties to conduct business and business transactions on local and global computer networks; computer software providing web hosting facilities; computer software for use in the creation and development of websites, including those having interactive content; cd roms; electronic publications; computers; computer hardware; computer peripherals; monitors; television aerials;

televisions, television equipment and apparatus; television receivers; viewing screens, control consoles, electrical cables, fibre optic cables, ducting for cables, alarm boxes and computer operating software; closed circuit tv systems and installations; security cameras; mobile radio and television broadcasting units; parts and fittings for all of the aforesaid goods

Cl. 35 Advertising; business management; business administration; office functions; advertising and promotion services; advertising, promotional and marketing services provided via satellite transmission, the internet or through other electronic means; compilation of advertisements, marketing and promotional material for use on the internet or by other electronic means;

preparation and presentation of audio visual displays for promotional or advertising purposes not including illuminated signs; provision of business information and provision of computerised business information data, all relating to the provision of and/or broadcasting of information, data, graphics, sound, music, videos, animation and text; information, consultancy and advisory services relating to all of the aforesaid services

Cl. 36 Financial services; provision of credit and payment services; financial services provided via telephone, the internet or by satellite; sponsorship of sporting events

Cl. 37 Installation services; maintenance services; installation, maintenance, repair and monitoring of apparatus for recording, transmission or reproduction of sound or images for the transmission, distribution and broadcasting of information, data, graphics, sound, music, videos, animation and text, via satellite systems or computer networks;

installation, maintenance, repair and monitoring of data processing equipment, computer hardware, telecommunication apparatus, digital point of sale material and electronic signage, in each case for use in connection with the aforesaid purposes; installation, repair and monitoring of electronic apparatus and instruments, all for use in connection with the aforesaid purposes;

information, consultancy and advisory services relating to all of the aforesaid services

Cl. 38 Telecommunication services; telecommunication of information, computer programs, computer software and other data, providing satellite transmission of computer programs and computer software, satellite broadcasting of graphics, information, data, sound, music, videos, animation and text, audio, video and data communications services; satellite broadcasting services; satellite communications services; satellite transmission; telecommunications services by satellite; rental of satellite broadcasting sets; transmission of data by communications satellite; communication of information, computer programs, computer software and other data; broadcasting of programmes by satellite; broadcasting; transmission, broadcast and reception of audio, video, still and moving images and data whether in compressed or uncompressed form and whether in real or delayed time;

electronic mail services; communication services for video conferencing purposes; satellite video conferencing services; video conferencing services; providing voice over internet protocol (voip) peer-to-peer communications; electronic transmission of data and documents over computer terminals and instant messaging services; providing a high speed access to area networks and a global computer information network; teletext services; news information and news agency services; news agency services for electronic transmission; transmission of news; supply of satellite radio and television broadcasting facilities; providing access to and leasing of access time to a computer database; providing access to or leasing of access to satellite capacity;

broadcasting on radio, tv and on the internet of audio, video, still and moving images and data whether in compressed or uncompressed form and whether downloadable or non-downloadable; distribution of audio, video, still and moving images and data whether in compressed or uncompressed form and whether downloadable or non-downloadable;

telecommunication services, namely the operation of transmit and/or receive satellite earth stations (whether fixed or transportable); dissemination of television programmes relayed by satellites; web-based online systems for booking satellite capacity and for the automated remote-control of satellite transmission equipment; information, consultancy and advisory services relating to all of the aforesaid services

Cl. 41 Television and radio entertainment services; information relating to sporting events provided by satellite transmission, the internet or by other electronic means; television, radio and film production in studios or by means of outside broadcasting facilities; publication of information, data, graphics, sound, music, videos, animation and text comprising or relating to programme content, gambling, betting,

wagering and gaming services and information and advisory services related thereto; on-line and telephone gambling, betting, wagering and gaming services; entertainment sporting services provided by telephone, satellite, the internet or on-line from a computer network database; gaming, machine entertainment services; gaming services for entertainment purposes;

supply and rental machines and software used in connection with gambling, betting, wagering or gaming services; information, consultancy and advisory services relating to all the aforesaid services

Cl. 42 Scientific and technological services and research and design relating thereto; industrial analysis and research services; design and development of computer hardware and software; computer programming, computer systems analysis, repair, maintenance, updating and monitoring of computer software and computer programs, consultancy and advisory services in the field of data processing equipment, computer hardware, apparatus for recording,

transmission or reproduction of sound or images, all for the transmission, distribution and broadcasting of information, data, graphics, sound, music, videos, animation and text, via satellite systems or landline computer networks; storage of computerised business information data, all relating to the provision of and/or broadcasting of information, data, graphics, sound, music, videos, animation and text;

consultancy and advisory services in the field of telecommunications apparatus, computer software and electronic apparatus and instruments, all being for use in the provision of information, data, graphics, sound, music, videos, animation and text, information, consultancy and advisory services relating to all the aforesaid services

Australian Competition and Consumer Commission Matters

Initial Assessment Given by the ACCC

The applicant/holder, or another person may, within one month of the date of this Official Journal:
 (i) respond in writing to the ACCC; and/or
 (ii) ask the ACCC to hold a conference
The rules to which the notice relates are available for inspection at the Trade Marks Office.

Application for Variation of the Rules Governing the Use of a Registered/Protected Certification Trade Mark

508492 Dairy Australia Limited ACN/ARBN 105 227 987.
 The initial assessment given by the ACCC is to approve the variation.
 It is the Commission's assessment that: (a) the approved certifiers are competent to certify; and (b) the rules are not detrimental to the public, having regard to: (i) the principles relating to restrictive trade practices set out in Part IV of the Trade Practices Act 1974 (the Act); (ii) the principles relating to unconscionable conduct set out in Part IVA of the Act; (iii) the principles relating to unfair practices, product safety and product information set out in Part V of the Act.

508495 Dairy Australia Limited ACN/ARBN 105 227 987.
 The initial assessment given by the ACCC is to approve the variation.
 It is the Commission's assessment that: (a) the approved certifiers are competent to certify; and (b) the rules are not detrimental to the public, having regard to: (i) the principles relating to restrictive trade practices set out in Part IV of the Trade Practices Act 1974 (the Act); (ii) the principles relating to unconscionable conduct set out in Part IVA of the Act; (iii) the principles relating to unfair practices, product safety and product information set out in Part V of the Act.
